

# FRIENDS' ASSOCIATION OF THE LANDESMUSIKAKADEMIE RHINELAND-PALATINATE

Since its establishment in Engers in 2003, the Landesmusikakademie has developed into a nationally highly regarded and popular musical institution. It is a unique location not only for musicians and music educators, who receive valuable impulses through the diverse further education program, but also for the fruitful work phases of countless choirs, orchestras, music clubs and other music groups.

The nationwide cultural-political significance is flanked by a steadily growing supraregional impact. The aspect of performance training is becoming more and more important within music cultural education and leads to an increasing number of public performances of what has been tried or learned. This also gives the culturally interested population in the vicinity of the location the opportunity to follow the work at the Landesmusikakademie at close quarters. It is equally outstanding artistic performances as exciting learning and working processes that fascinate the audience.

Like almost all cultural institutions, the Landesmusikakademie is not free of financial limitations in its work. In addition, there is a latent need for rehearsal rooms at the Engers location, which often demands a high level of improvisation from the staff.

The Friends' association of the Landesmusikakademie accompany their work benevolently by

- enable the acquisition of instruments or furnishings important for musical work
- enable the participation of financially disadvantaged people in individual cases
- Selective support of work phases of ensembles
- Enabling artistically outstanding events
- are present at public events and support their organization

As a thank you for your support there will be invitations to exclusive events for friends' association of the Landesmusikakademie, which can take place in the vicinity of the Neuwied-Engers location or even lead to other parts of the country. Furthermore, we will provide you with insights into the work of selected ensembles or courses.
